## Affixit 20

'mit' becomes 'miss'  
before suffixes -ion, -ive,  
-ible, but not -ing, -ed, -s

Each needs paper &amp; pencil or pen.  <b>Rules:</b> Shuffle cards, deal 5 to each player. Place deck face down and flip over top card. Take turns to add a card to create a new word. You may choose to modify the whole word the last player made (e.g. make 'transmissible' into 'transmitting'), or start from the last card they played. Say the new word in a sentence (adults, help with this!) and write it correctly. If you can't make a word, or misspell a word, pick up a card. A player may not make/write the same word twice. First player to run out of cards wins!</div>
